

Message from the Principal's Desk

Dated: 02-04-2020

Dear Parents and Guardians,
AssalamuAlaikum!

I am hopeful my message finds you safe and in good health. I truly understand the hardship that we are all faced with due to the lockdown but we also know that it was very much needed for us and our children to be safe. I empathize with all our JIS family members – our parents, students, teaching and non-teaching staff.

Amidst the surrounding uncertainties, one thing is certain that life has to go on. The **school will remain closed** as per the State Government's mandate but we have come up with a plan to help our students learn from home.

We will be using **Entab's** platform '**Campus Care**' for uploading the syllabus and daily activity sheet and worksheet for the respective classes through the Class Teachers who have been instructed to work from home. **Parents can guide them and help them clear their doubts but get them work out the activity sheet on their own either by getting a print at home or copying them on any notebook.**

The assignments completed should be uploaded by the parents through the 'Campus Care' app for the teacher's feedback on the same date by **5 p.m.** **The students who upload their work by the said time will be marked present for the online classes.** Parents would be required to download the app and login with the details that will be texted soon to avail the online communications both academic and non-academic. Parents having problem in downloading or login may contact between 10:00 am to 02:00 pm on the given numbers: **9830262768 / 8293012979 / 9007908911** for help. We are also exploring other possible ways of reaching out to our students with the lessons. I request you to follow the messages sent closely and act accordingly.

The **Entab platform** can also be used for **enrolment and paying of the fees** for Bypass and Metiabruz Units while Central and Park Circus Units can avail the **ICICI eazypay** for online enrolment and payment of fees. We will issue dates for **distribution of books and uniform** once the lockdown is withdrawn and we are hopeful of a possibility soon InShaAllah.

In this hour of crisis I wish to inform all our parents that we are one big family and together we will get over this phase InShaAllah. I ensure you that all our teachers from general studies and theology department and the admin are working from home and are at your service.

Please take care. Prayers for all. May the Almighty bless us all with his safety and help us in our fight against the crisis.

Regards,
Abdul Basit Ismail
Principal
