

Dear Parents,
Salam!

JIS/08/2020-21

It is with great pleasure that I wish to state that our 4th batch of students passed out their ICSE 2020 with yet another 100% success result with over 90% of students securing the first division scores Alhamdulillah. With CBSE (Class 12) and ISC results out as well, it is all the more encouraging to hear the success stories of our ex-students topping the list of performers in different schools across Kolkata. I thank all my parents for their best wishes and prayers that have been with each of our students all through. Our academic experts have always given the best plan for preparing students to face boards and even amidst the difficult times that we are all going through, our online classes for pre-primary to secondary school are successfully being conducted alongside theology lessons and Hifz classes as well.

The school management has been very considerate right from the onset of the nationwide lockdown and has taken a number relief measures to help our parents amidst the financial crisis.

Relief measures taken since April, 2020:

- **The school has rolled back the increase in school fees for the session 2020-21.**
- **School Transport Fees have been waived off till June.**
- **All late fees have been waived off till June.**
- **Session Fees have been split into 6 parts and spread across 6 months.**
- **Mode of Payment has been changed from Quarterly to Monthly.**
- **Relaxations have been given to people with applications for delayed payments.**

In addition to this, I wish to let our parents know that the school management has received hundreds of applications from our parents who needed help and none of them, who have approached us, left the desk disappointed. Having said this, I take this as an opportunity to thank our parents who have chosen to pay in full and in advance despite the relief provided, which has helped us in extending maximum relief to those who are in need.

In line with measures already taken, the management wishes to extend a fresh set of relief for our parents as under.

Relief measures taken from July, 2020:

- **Late fees have been waived off for the month of July.**
- **There will be no increase in tuition fees for the session 2020-21.**
- **School Transport Fees have waived off till the school reopens.**

In addition to the above, the school management will be more than happy to help our needy parents on their application and do all that's possible to help our parents who are yet to enrol their wards. In this hour of crisis, the school has stood by the side of our parents and expects maximum cooperation from them.

The school has made requests in the past and I make a humble request again to all our parents who are yet to enrol their wards to the session 2020-21 to enrol their wards and clear all dues as per the relief provided by the school. I request our parents who have still not activated their ID to the CampusCare, to speak to us and login so that our children can avail the academic services being rendered with care and sincerity.

Thank you!
