

Muhammed Navas Yoosef
(M. Phil, M.A, B. Ed)

About me

I was born to a poor saw mill employee whose pains made me to reach the extant stature. A tough looking but simple man, that's how colleagues describe me. Personally, I would describe myself as an ambitious who works hard to attain my goals. I long to build an enduring profession that will offer endless opportunities for my career growth and to keep up with cutting-edge educational technologies
