READ IN THE NAME OF YOUR LORD
KOLKATA

PROSPECTUS

ACADEMIC SESSION 2027-28

JIBREEL® INTERNATIONAL SCHOOL KOLKATA

ESTABLISHED IN 2008

Welcome to Jibreel International School

Education, in its truest sense, is more than the acquisition of knowledge; it is the development of the whole human being. It must nurture the intellect, shape character, strengthen values and prepare individuals to engage meaningfully with the world around them. At Jibreel International School, this understanding finds its deepest expression in the first Qur'anic revelation: "Read in the name of your Lord" (Surah Al-'Alaq, 96:1). This timeless command inspires us to view education as a sacred responsibility—one that brings together knowledge, purpose and moral consciousness.

Founded in 2008, Jibreel International School was established with a distinctive vision—to provide contemporary English-medium education in an environment rooted in spiritual and moral values. From its humble beginnings, the School has grown into a vibrant and respected institution with five campuses across Kolkata, dedicated to inspiring young minds through a harmonious blend of faith, knowledge and technology.

Academic excellence remains at the centre of our mission. Through a rigorous and contemporary curriculum, experienced educators and an increasingly activity-based and experiential approach, we encourage curiosity, creativity, critical thinking and independent learning. Our pedagogy is aligned with the vision of the National Education Policy 2020 and the National Curriculum Framework 2023, preparing students to meet the opportunities and challenges of a rapidly changing world.

Alongside academics, we place great importance on character and personal development. Through value-based learning and age-appropriate moral education, students are encouraged to grow with discipline, integrity, empathy and a sense of social responsibility. We believe this balance enables them to remain grounded in positive values while engaging confidently with modern education, technology and an ever-changing world.

Learning at Jibreel extends far beyond the classroom. Students explore their interests and talents through Science, Mathematics, Literature, cultural activities and various enrichment programmes. Sports and physical fitness also form an integral part of school life, with structured coaching in cricket, football, roller skating and badminton. These experiences help nurture teamwork, resilience, confidence, creativity and a healthy competitive spirit.

Over the years, Jibreel International School has built a proud tradition of academic achievement and holistic student development. Our alumni are pursuing higher education at esteemed institutions across India and abroad, carrying forward the knowledge, discipline and values cultivated during their years at Jibreel.

As education continues to evolve, so do the possibilities before our children. Supported by a dedicated team of educators and the unwavering trust of our parents, we remain committed to creating an environment where students learn with curiosity, grow with confidence and move forward with purpose. We seek to instil in every child a deep love for India, pride in our nation and an enduring sense of responsibility towards its progress and development. Our endeavour is to nurture knowledgeable, compassionate and responsible young people—prepared not only to succeed in the world, but also to contribute meaningfully to nation-building and shine as the gems of humanity.

Who We Are

Founded in 2008, Jibreel International School (JIS) is an English-medium institution that integrates contemporary education with spiritual learning. With five units across Kolkata, JIS has grown into an institution committed to providing a balanced education that combines academic rigour, personal development and a strong sense of identity and cultural understanding. At JIS, we believe education should prepare students not only to excel in examinations but also to think critically, act responsibly and adapt to a rapidly changing world. Our classrooms encourage curiosity, creativity and active participation, helping students develop the knowledge, skills and confidence to become independent, lifelong learners.

Curriculum

JIS follows a curriculum based on the ICSE framework and aligned with the academic standards of CISCE (New Delhi). Our comprehensive General Studies programme encompasses Languages, Mathematics, Science, Social Sciences and other essential areas of learning. With an emphasis on conceptual understanding, experiential learning and the practical application of knowledge, our teaching approach encourages students to question, explore and develop independent thinking.

Learning Environment

Our classrooms are comfortable and up-to-date, fostering focus and collaboration. Through partnerships with sports clubs, JIS enables students to participate, compete, and excel across diverse athletic pursuits. Beyond academics, our co-curricular programmes in arts, sports, and community service nurture leadership and social responsibility in real-world contexts.

Academic Continuity

JIS is in the process of obtaining affiliation from a recognised National Board, preferably CISCE (New Delhi). Meanwhile, we work closely with our sister organisation to ensure that students preparing for board examinations receive structured guidance and academic support without disruption.

Our Vision and Mission

Vision

To establish Jibreel International School as a centre of excellence where modern education and spiritual values meet — nurturing generations of learners who are globally competent, ethically grounded, and socially responsible.

Mission

To provide a holistic education that balances academic achievement with personal growth. We aim to:

- Deliver a curriculum that develops critical thinking, creativity, and problem-solving.
- Instil discipline, empathy, and resilience through everyday school experiences.
- Encourage students to respect diversity and contribute positively to their community.
- Integrate spiritual learning in a way that strengthens character and guides purposeful living.

Special Features

- **Expert Faculty**
  A team of dedicated and well-trained teachers, continuously enriched through regular workshops, seminars, and webinars to ensure effective learning and innovative teaching practices.
- **Holistic Co-Curriculars**
  Sports, oratory workshops, quizzes, elocution, and physical fitness activities form an integral part of student development beyond academics.
- **Montessori Learning Tools**
  Use of Montessori apparatus in nursery classes to refine young learners' senses and enhance early learning.
- **Multimedia-Aided Learning**
  Engaging audio-visual sessions that bring poems and stories to life, capturing children's interest and aiding better comprehension.
- **Technology Integration**
  Smart use of digital tools at all levels to nurture 21st-century learning skills and future-ready students.
- **Skill Enhancement Programmes**
  Age-appropriate exposure to Abacus, Vedic Maths, and Coding to strengthen subject competency and build confidence.
- **Future-Ready Learning**
  Provision of a comprehensive and engaging online education mode to ensure continuity during lockdowns or unforeseen disruptions.

Facilities

- **Well-equipped Classrooms**
  Comfortable classrooms, with air-conditioning during summer months, to ensure a focused and pleasant learning experience.
- **Balanced Student-Teacher Ratio**
  Individual care and attention to meet the learning needs of every student.
- **Modern IT & Computer Labs**
  Technology-enabled learning that prepares students for the digital age.
- **Sports & Physical Fitness**
  Regular training and access to both indoor and outdoor games, helping students stay fit and active.
- **Co-curricular Activities**
  A wide range of clubs, activities, and opportunities that go beyond academics.
- **Annual Competitions**
  Events that help students showcase their skills, build confidence, and nurture their unique talents.
- **Recreational Play Area**
  A dedicated space for assemblies, physical fitness sessions and student activities, providing opportunities for healthy participation, refreshment, and enjoyable group play.
- **Safe Drinking Water**
  Provision of clean, filtered water across the campus.
- **Central Location**
  Conveniently situated in the heart of the city, making access easy for families.
- **Safe Transport Services**
  School Transport available for convenience and safety.

Beyond the Classroom: Sports and Fitness at JIS

At Jibreel International School, we believe education is incomplete without sports and physical fitness. Sports develop strength, discipline, teamwork, leadership and resilience. In an age of excessive screen time, we promote active living for a healthy body and focused mind. In line with the ICSE curriculum, students receive opportunities to participate, compete and excel in both individual and team sports.

- **Regular Physical Fitness Classes**

  All students participate in structured fitness sessions under trained instructors. Age-appropriate exercises improve stamina, strength, flexibility, balance and coordination. These classes also develop discipline, teamwork and healthy habits, helping students become physically active, mentally alert and emotionally balanced.

- **Cricket Coaching (Boys & Girls)**

  Conducted in collaboration with Harvard House Sports, our cricket programme develops skills, strategy and sportsmanship. JIS students have participated in various tournaments, including the prestigious Mayor's Cup organised by the Cricket Association of Bengal. Our girls' team also made history by participating in the first-ever CAB school tournament for girls in 2024–25—a proud milestone that encourages greater participation of girls in sports.

- **Football Coaching**

  In partnership with East Bengal Club, students receive specialised football training from club coaches at the Orchid Arena. The programme focuses on technical skills, fitness, game awareness and team play. JIS football teams have participated successfully in competitive tournaments, giving students valuable exposure beyond regular school training.

- **Roller Skating**

  In association with the Sports and Fun Roller Skating Academy, students develop balance, coordination and competitive skills. JIS skaters have won prizes in several tournaments and state-level competitions, with some representing the school at the national level.

- **School Sports Mega Event (Biennial)**

  Every two years, JIS organises a Grand School Sports Event featuring students from all classes. Parents, alumni and well-wishers join this celebration of health, fitness and sporting excellence. Beyond competition, the event promotes fair play, determination and perseverance, reaffirming our commitment to making sports an integral part of every student's holistic development.

Future Plan

With steadfast commitment, we are moving towards the development of a state-of-the-art campus that will stand as a benchmark of excellence in the city. This upcoming campus is envisioned to provide world-class facilities and holistic learning opportunities, including:

- **Modern Classrooms**
  Spacious, well-ventilated, and technology-enabled classrooms designed for effective learning.
- **Advanced Laboratories**
  Fully equipped science and computer labs to encourage hands-on experimentation and innovation.
- **Smart Learning Spaces**
  Audio-visual enabled "Smart Classes"to make lessons interactive and engaging.
- **Digital Library**
  A resource-rich, digitised library to promote research oriented and independent learning.
- **Soft Skills Training**
  Dedicated sessions on debate, group discussion, and creative writing to shape confident and articulate individuals.
- **Career Counselling**
  Expert guidance for senior students to help them make informed and future-ready career choices.
- **Student Well-being**
  Professional child psychologists offering counselling, mentorship, and assessments for holistic development.

Class Timing

BYPASS UNIT
